

## REMARKS

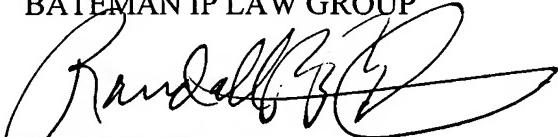

In the office action of September 14, 2005, the Examiner rejected claim 8 as lacking proper antecedent basis for a term used therein, and rejected claim 3 as anticipated by Mitchell.

Applicant has hereby amended claim 8 to recite the binder portion element prior to reciting the flex hinge element, providing proper antecedent basis. Applicant has not removed any limitations from the claim. Applicant has amended claim 3 to recite additional detail regarding the frame portion. The claim recites a cavity for holding objects and a back for mounting objects. Applicant believes that the claim is now in condition for allowance. Claim 7 has been amended to add “and” for proper form.

Applicant therefore believes that the application is in condition for allowance. Should the Examiner have any concerns with the application, it is requested that she contact Applicant’s new counsel, Randall B. Bateman, at (801) 533-0320. Applicant notes the filing of a revocation and power of attorney filed herewith appointing Randall Bateman as attorney, and notes the new attorney docket number 3198.DSHA.PT. The commissioner is hereby authorized to credit any overpayment and debit any amount owing to Deposit Account No. 50-2720.
